Please list reasons you are interested in participating on the board of interest	I am a life long resident of Bluffdale. I have seen the community change drastically. I love history and would love to help others in Bluffdale know and appreciate the history of our community. I feel that because of growing up here in Bluffdale and my association with some of the older Bluffdale residence I would have something to contribute to the committee.

I Am Interested In Serving On The Following Board(s)	Historic Preservation Commission
Please note any previous experience with community involvement and service (if any)	Other than assisting with events as needed at church and my work of 20 years as legal assistant, I have not formally served on any boards.
Please list reasons you are interested in participating on the board of interest	I find this a great opportunity to get involved with the City of Bluffdale to learn and work on protecting and preserving the historical structures, places, and artifacts that currently exist in this beautiful rural city and at the same time allowing for growth so that the city has the funds to preserve its historical places and memorabilia. Would also be beneficial if we can educate the youth on the importance of preserving and protecting what will surely become THEIR own sentimental value of structures, places and artifacts of the past as they age.
